\* Shoot Individually with other Women Shooters with Coaching and Guidance

### *Did you know?*

- We now have a wireless PA system for use inside and outside of the club. It's simple to use and it helps so much to have groups hear safety talks, squadding at events, and presentations.
- The Club purchased a UTV to replace "the brushhog" which lived its best life. Personal UTV's have been used to bridge the gap in the interim year or more.
- We now have a dumpster for cardboard (and other) recycling. This will make it much easier to deal with the large quantities of cardboard that result from buying and using a couple of semi-loads of targets each year.

### Please Welcome New Summer Staff Members

You will see some new faces behind the counter and on the fields and sporting clays course this summer. Please welcome Jason Albert (Monday – Wednesday) and Emma Graveen (Thursday) to our team. Be patient as they learn the ropes, please. Thank you.

## Upcoming Events

- Fri, May 31 – Sun, June 2<sup>nd</sup>      SCTP GNTC Conference Trap: Over 300 Shooters
- Fri, June 7<sup>th</sup>                              Samoset Council Sporting Clays

*Please mark your calendars and contact Kevin Sasman (715-571-2159) if you are able to volunteer to help with these large events which help subsidize the operating expenses of the club.*

## Recent Past Events

- Sat, Apr 20<sup>th</sup>                              Ironman: 286 Shooters
- Sat, Apr 27<sup>th</sup>                              Greenheck Family Day: 65 Shooters (Many first timers.)

- Sat, May 18                                Badger State Games Trap: 50+ Shooters

Our sincere thanks to everyone who volunteered to help make these events successful!

### May Rule Reminder

Please sign in and pay at the clubhouse before shooting each round. (In other words, no “camping out” on fields.)

*This rule is for everyone – no exceptions.* Thank you for respecting this rule.

This allows people to shoot in the order they signed up and is equitable to all. And, counter staff can better manage squads, payments, etc.

### *Fun Fact*

More and more of our youth shooters are consistently shooting trap in the 20's and more 25's were shot this year than in the past. Recently a youth shooter, Gavin Wasmundt, ran 50-straight for league. Congratulations Gavin!
