Annual Member Picnic and Meeting – Saturday, Sept. 7th

Our annual membership meeting and picnic will be held on Saturday, September 7th. The meeting will begin at 10:30 AM, followed by a complimentary lunch. Please bring a side dish or dessert if you are joining us for lunch.

Complimentary targets are available for members, and those who purchased a \$100 raffle ticket, after lunch. The \$100 ticket raffle drawing will take place at 4 PM. We hope to see you there! A more detailed email and 2023 annual meeting minutes will be sent out to members soon.

Just for Fun Battery Facts

The club currently has approximately 50 deep-cycle batteries that are maintained for use on our 40-ish portable traps used on 5-Stand and Sporting Clays. Managing the batteries is a job in itself. What's charged? When was it charged? What needs charging? What needs replacing? Volunteer, Tim Kuski, developed a charging process that helps manage all of this information. The charging station itself can charge up to 8 batteries at one time.
